

Financial performance info

For free info, please go to the Beaverton Library and ask the business reference librarian (2nd floor) for help. You should think about the following resources...

RMA annual statement studies. Provides financial ratios sorted by sales volume and by asset size. Useful for comparing your business to the nationwide financial profile of companies like yours. (Robert Morris and Associates) Index Table Ref BUS 338.7 RMA

Industry norms and key business ratios: Statistics in over 800 lines of business. Contains “typical” balance sheets and income statements and “commonsized” financial figures as well as key business ratios (fourteen indicators of performance). (Dun & Bradstreet) Index table Bus REF 658.151 IND.

Almanac of business and industrial financial ratios

Arranged by SIC codes, this profiles corporate performance in two analytical tables for each industry. Table 1 reports the operating and financial information for corporations with and without net income. Table 2 provides the identical information, but only for those corporations operating at a profit. (Leo Troy, PhD.) Index Table Bus REF 338.74 ALM

ALSO SEE:

Standard and Poor's Industry Surveys. Available only through the library's internet connection.

Business plans handbook: a compilation of actual business plans developed by small business owners.
Ref BUS 658.4012
