

MTH 60 Syllabus Assignment

Name _____

This assignment is due at 2:30 PM on Monday, September 27. This assignment is worth as much as a two percentage point extra credit boost to your final course average.

Read the syllabus from front to back before answering the following questions. Make sure that you have access to the internet while answering these questions. Please contact Mr. Simonds for clarification if there is anything in the syllabus that is unclear,

1. Under what circumstances will Mr. Simonds allow you to turn in make up a quiz you missed?
Under what circumstances will Mr. Simonds allow you to make up a test you missed?

2. True or False: You should turn in the problems listed on the page 6 of the syllabus?

3. According to Mr. Simonds, what percentage of the assigned practice homework should you do to maximize your performance in the class?

4. What are the web address and Course ID for MyMathlab?

5. Mr. Simonds has a tendency to be a little picky and to write long comments on student's papers. According to the syllabus, which of the following best describes why Mr. Simonds is this way?
 - a. Mr. Simonds has so much free time that he just can't find any other way to fill it.
 - b. Mr. Simonds finds pleasure in finding fault in student's work ... in fact he lives for it.
 - c. Mr. Simonds wants to help students be successful not only in his class but also in subsequent math classes. Towards this end, he is as explicit as possible in his feedback when grading your papers. He wants you have the best chance of fully understanding your error and/or fully understanding how you need to write things differently to earn full credit on your subsequent assignments.

6. True or False: It's just fine and dandy if you text message during class?

7. When is the last day you can switch your grading option between A-F and P/NP?
8. What is the one grading option change that requires Mr. Simonds' signature?
9. A website is listed in the syllabus for PCC tutoring services; this link is also available on Mr. Simonds MTH 60 page. Go to this website and follow the link to the Cascade tutoring site. When is that tutoring center open?
10. Name four different resources Mr. Simonds says you might use if you have trouble with a homework assignment.
11. Send Mr. Simonds an email from your PCC email account with the phrase "MTH 60 syllabus check in" in the subject line. Get in touch with Mr. Simonds ASAP if you do not know how to access your PCC email.
12. What are Mr. Simonds office hours and where is his office?
