Objective

To obtain a position as a Dental Assistant where I can educate and motivate patients on oral hygiene and appliance care to achieve the very best results from dental treatment

Skills

- Radiology
- 4 handed dentistry
- CDA, EDFA, EFODA certified expected June 20XX
- Eagle soft software and charting experience
- Alginate impressions
- Infection control
- CPR & First Aid certified

Experience

I Attended the P.C.C Dental Assistant program for 9 months. During my ten week externship in a general office I became proficient in 4 handed dentistry, setting up for procedures such a composite and crown preps. I did impressions on patients and poured study models.
